The Clarkson Golden Knight is green and gold, but you can use your imagination to make it your own!

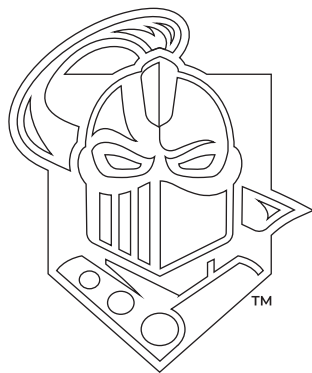

HERE ARE SOME FUN FACTS YOU MIGHT NOT KNOW ABOUT CLARKSON UNIVERSITY:

Clarkson started in 1896 and was named after Thomas S. Clarkson. We will celebrate our 125th birthday in 2021!

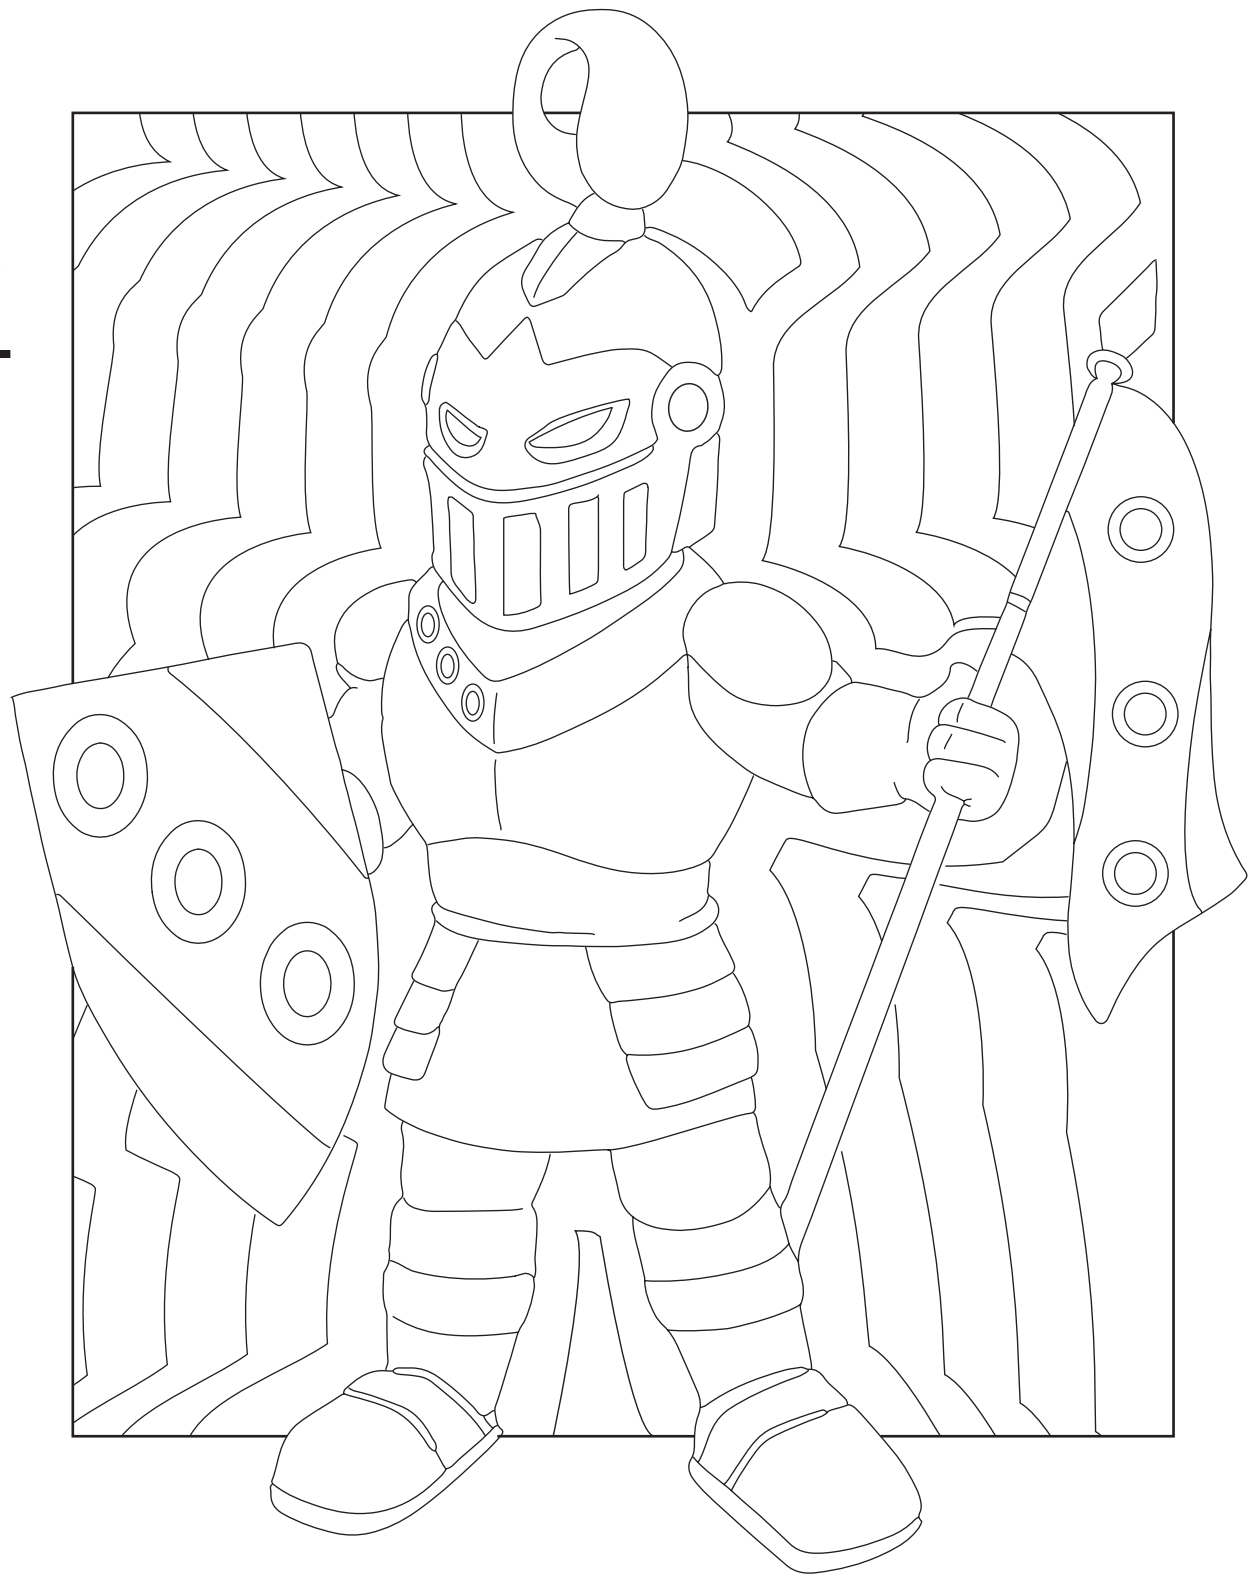

Clarkson's green and gold colors come from Thomas' favorite flower, the goldenrod.

The red stone you can see in buildings at Clarkson is called sandstone. It was dug up in Potsdam and sent all over the country, and even to Canada!

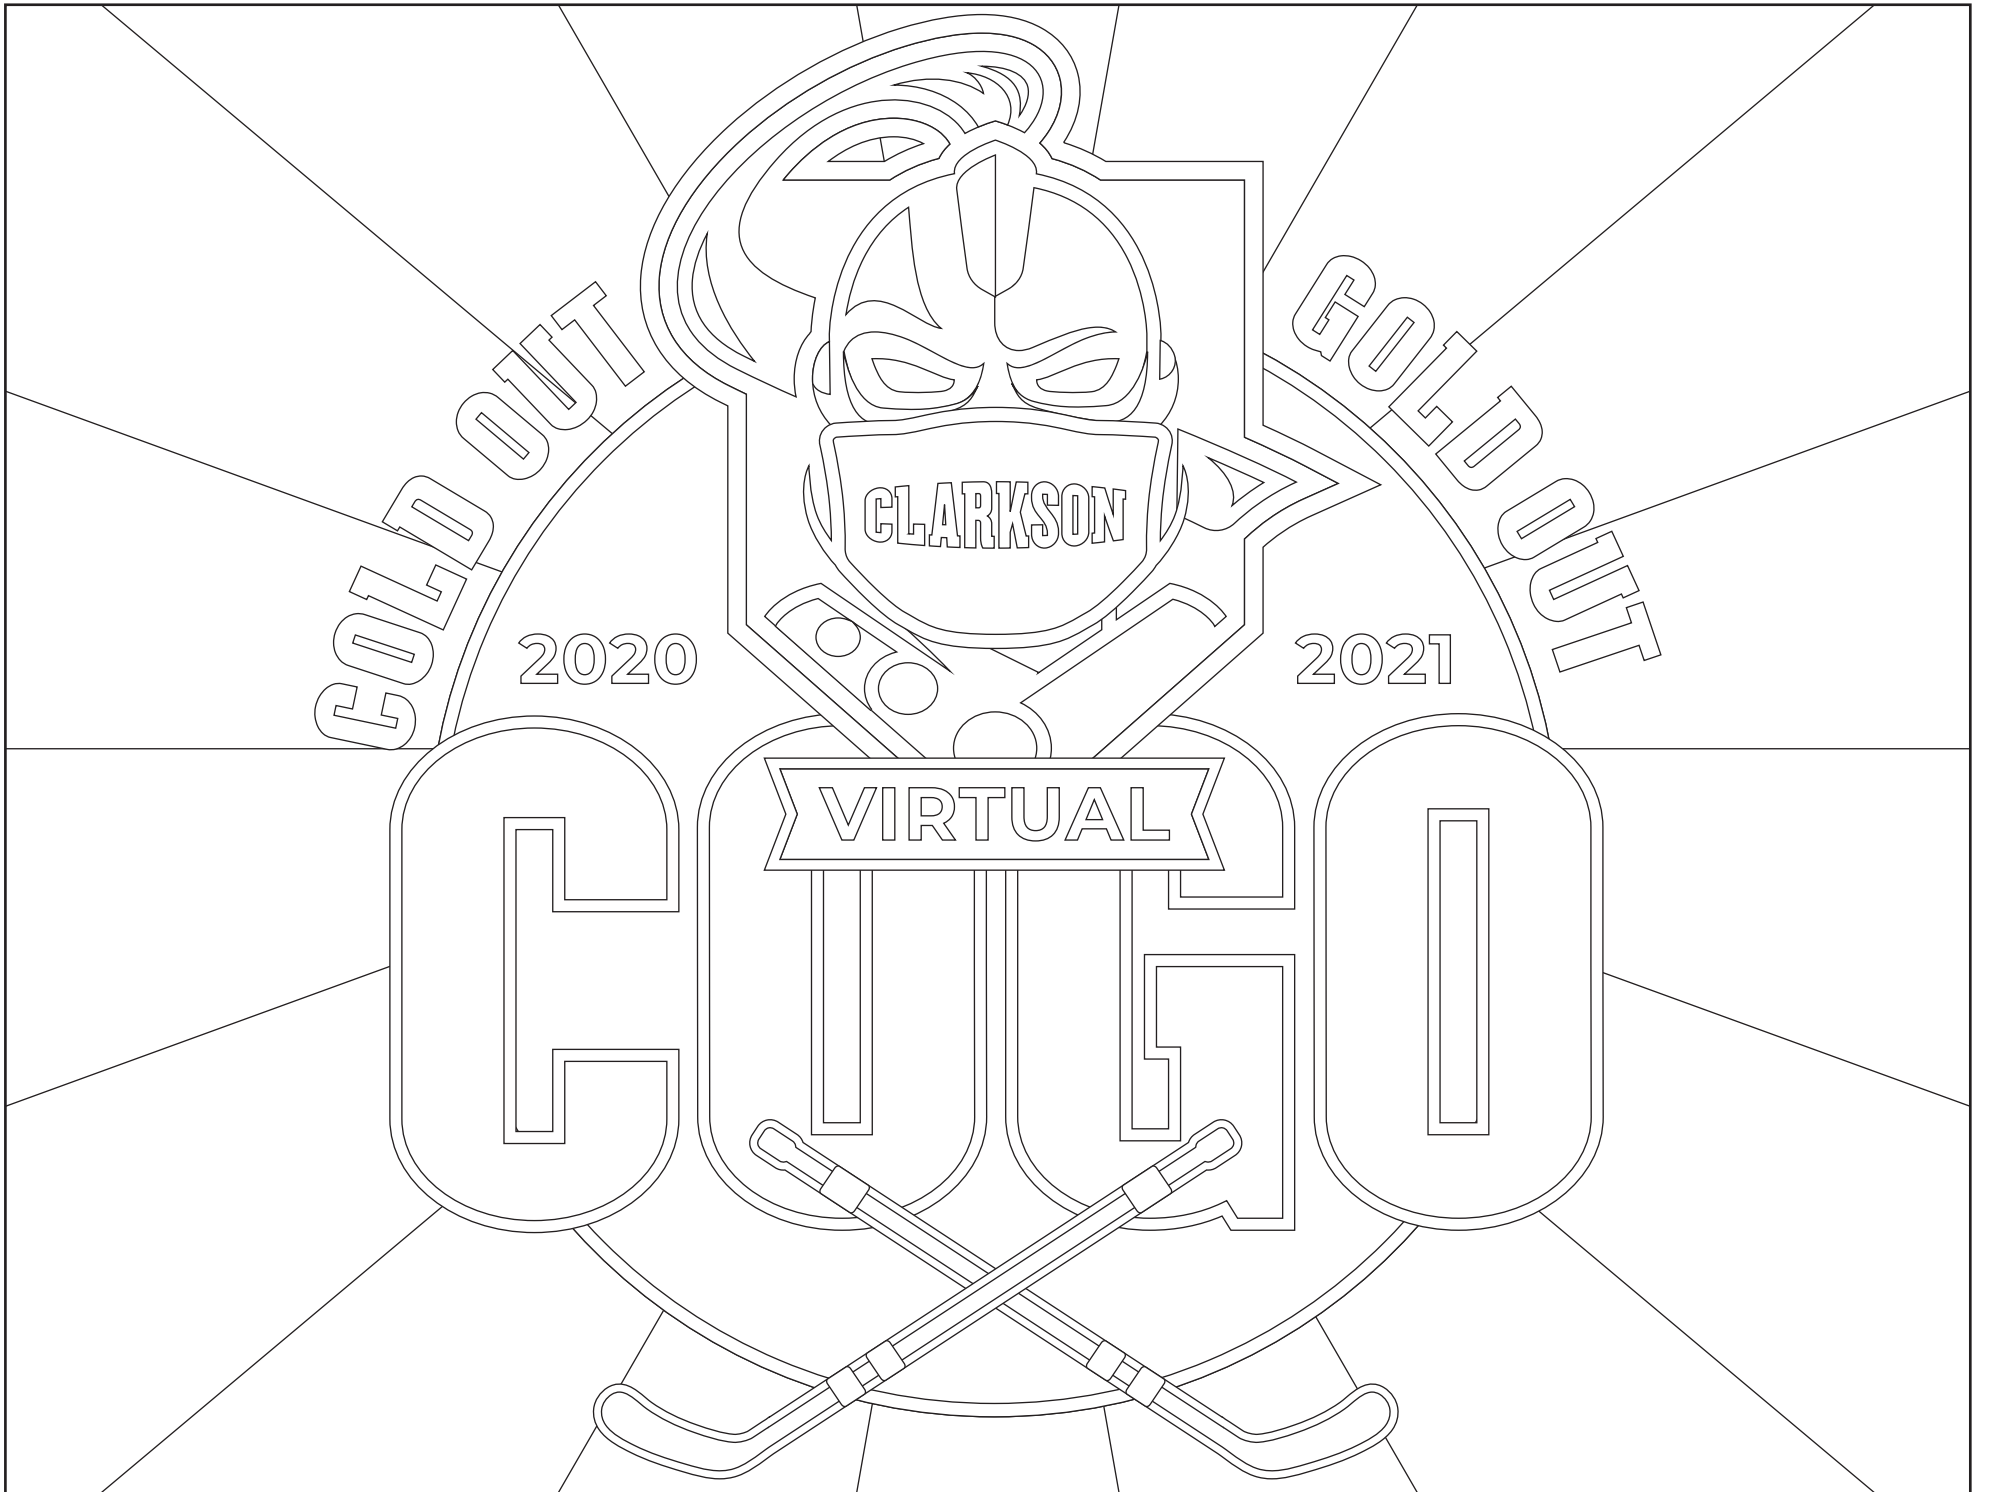

Clarkson has had a hockey team for 100 years. That's a long time!
